Teala,

Hippa Rights and the basic right to privacy. It is all over the internet so you will be able to look it up. I ask once again, please remove the pictures and your mother's last name. Thank you.

Teala,

It has come to my attention that you created a web site entitled "Justice For Pauline". As Ms. Pauline's guardian and conservator, I am requesting that you remove all pictures of Pauline from this web site and to further remove Ms. Pauline's last name "Williams". This is in total violation of her Hippa Rights to use her name and post her pictures without her permission and in this case, without my permission as her guardian. Please remove her last name and pictures immediately.

Should you have any questions, please contact me.

Paula
